

Do you want to join a global leader in renewable energy infrastructure investments?

COPENHAGEN INFRASTRUCTURE PARTNERS

Copenhagen Infrastructure Partners is looking for Junior Analysts to join the Investment Team in Hamburg

The Position

You will contribute to the development, structuring and execution of CIP's investments globally and across a variety of assets including offshore wind, onshore wind, solar PV and thermal. You will work closely together with a highly experienced Investment Team in an international and dynamic environment. CIP will constantly seek to challenge and inspire you, while focusing on your learning and personal development. Top performing Junior Analysts may receive an offer to join us as a full-time Analyst upon graduation.

Key work areas include:

- Financial modelling, valuation and structuring of investments
- Market analysis and due diligence of new investment opportunities
- Visualization and presentation of technical and financial data to stakeholders
- Working together with industrial partners and advisors

The position is part-time and based in CIP's newly established office in Hamburg. The workload will vary depending on the number of projects you are working on with flexibility expected from both sides. You will be given the opportunity to influence your daily routine and schedule.

Application

CIP is looking for 3rd year BSc and 1st year MSc students in Economics, Business or any other relevant field.

We look for the following in a candidate:

- Top academic performance and strong analytical skills
- Good team player with excellent written and spoken English skills
- Thriving with responsibility and displaying high attention to detail
- Interest in corporate finance, strategy and M&A
- Entrepreneurial mindset
- Experience in Excel and PowerPoint
- Proficiency in multiple languages is an advantage, although not a requirement

Cover letter, resume and transcripts should be sent to Nickole Gade (nga@cip.dk) no later than November 23rd 2020. Interviews will be held online on an ongoing basis as applications are received. For any inquiries about the position, please contact Nickole Gade by email nga@cip.dk.

About CIP

Copenhagen Infrastructure Partners (CIP) is a fund management company founded in 2012, which currently has six funds and more than EUR 10 billion under management.

CIP's current investments include a wide range of energy infrastructure assets including offshore wind, onshore wind, solar PV, biomass and energy from waste, transmission, distribution, and other energy assets like reserve capacity and storage.

CIP has a global focus and currently manages investments in Europe, North America, Asia and Australia. CIP has offices in Copenhagen, London, Utrecht, New York and Tokyo and its team is multinational, fast growing and entrepreneurial with extensive experience and knowledge within the fields of regulated infrastructure and renewable energy.
